**AGREEMENT FOR CONSULTATION**

**2 Hours: Next Steps with Your One-Page Medical History**

**You will need to send me a summary of your medical history after our first hour together** for me to work on your one-pager. It will give me a necessary starting point.

I can start your one-page history or refine your draft depending on what you provide me with. This gives you a next level document with concrete details to continue working with. We can discuss what to send me in our hour together.

**\*\*\* Note that this consult may not lead to a completed one-page history \*\*\***

In my time with your information I will take your document another step in shortening and / or in tweaking and refining it. I may not be able to get it to a state of completion or all onto one page.

I look forward to working with you!

Veronique
