CHRONIC ILLNESS TRAUMA STUDIES

How Adverse Experiences Shape Health & Why It's Not Psychological
C: (720) 453-7945 veronique@chronicillnesstraumastudies.com

DISCLOSURE FOR SE CONSULT for all levels of SE CREDIT

My circumstances for providing Somatic Experiencing (SE) credit are unusual and require that the topic be about chronic illness or physical symptom(s), including your own, for credit with me.

As you may already know I am a Somatic Experiencing Practitioner (SEP) and have been working with my own disabling chronic illness (chronic fatigue and DVC/freeze) for over 25 years from trauma and ANS perspectives. I am much improved although as a result of my health experiences I do not meet all criteria to offer consults through the SE Foundation.

Because my specialty offers a contribution to the SE community, SE Faculty Ariel Giaretto signs off on these chronic illness consultations, including for advanced SE credit.

Steps for getting Sign Off on your Consultation(s) with me:

Ariel requests you batch all consult dates into one email for sign-off after you have completed your consult(s) for that stage of your SE training with me. This makes it easier for her work load.

Once you've completed your consult(s) with me for your level of SE training:

1. Fill out your session log with Ariel Giarretto's name for your consult(s) with me
2. Leave the signature field blank so she can sign it
3. Send her an email requesting she sign your log to: arielgcal@gmail.com
4. cc me, which confirms our consult(s) together veronique@chronicillnesstraumastudies.com
5. Forward or print the email verification of your hours and send to the SE Foundation

I look forward to our meeting(s)!

Veronique
